

Silkbank Ready Line Visa Debit Card is now powered by Chip & PIN Technology. Chip & PIN is the next evolution of electronic payments in Pakistan, helping to make the already safe Debit card payment system even more secure.

Apart from security, your Ready Line VISA Debit Card is now re-designed with a new stylish look and has other enhanced features and daily limits.

The new features are;

Features & Limits	
ATM withdrawal limit per day	PKR 100,000
POS transactions limit per day	PKR 150,000
IBFT, UBPS and Top Ups limit per day	PKR 250,000
Discount Alliances	YES

Your new Ready Line Visa Debit Card will soon be dispatched to you. Please call 021-111-100-777 to activate and enter the world of convenience.

How Chip & PIN works:

Chip & PIN cards together with chip-enabled terminals make a secure transaction system even more secure by validating both the card and the cardholder electronically.

Protecting Your Debit Card PIN:

Your PIN becomes a key security element of your Silkbank Ready Line Chip & PIN Debit card. Your PIN will be required to validate transactions made at chip-enabled terminals. It is very important that you safeguard your PIN and take necessary steps to protect it from potential card fraud.

- Never disclose your PIN to anyone.
- Choose a PIN that's easy for you to remember and known only to you. You should also consider changing your PIN from time to time.
- Avoid using numbers that can be easily inferred from your personal information such as your date of birth, address, your vehicle registration number, phone number, etc.
- Do not write down your PIN on the back of the card or store it electronically.

- Always shield the PIN pad when entering the PIN.
- If you suspect that your PIN has been compromised, change it immediately by calling our helpline no. 021-111-100-777.
