TPL Trakker, a globally recognized brand with 550,000 active units operating in 32 countries, is the most advanced vehicle tracking solution available in the market today. It enables users to access pertinent information about vehicles from wherever they are across the world. TPL Trakker is specifically designed to meet SVS performance requirements, developed over the years in coordination with international insurance and corporate customers. TPL Trakker uses GPS/GSM technology to track the location of a vehicle with up to 4 meters average accuracy.

## VEHICLE TRAKKING SOLUTIONS (VTS)

Combining the use of automatic vehicle location with software that collects fleet data for a comprehensive picture of vehicle locations, our customers will receive the following benefits:

- Satellite car tracking that helps pinpointing locations through GPS system technology and communicates through GSM network assuring countrywide coverage
- 24 x 7 Trakker Control Room access through toll free 08000 1616 for customer assistance
- Vehicle does not leave the city without customer's permission (presently for Karachi and Lahore only)
- Stolen Vehicle Services being provided through TPL Security Services, a group company licensed for security service operating nationwide
- Remote immobilization/engine shut off, if required in case of emergency
- Battery Tamper Alarms
- Phenomenal insurance premium discounts from insurance providers
- Nationwide installation locations.
- Warranty Cover of 1 year with option for extended warranty

## TERMS AND CONDITIONS

- TPL Trakker never guarantees 100% recovery or safety or compensation for the stolen vehicle, however, we take pride in averaging over 85% recovery in Pakistan, depending upon the make-type of vehicle being stolen, with smaller vehicles being easier targets.
- The TPL Trakker system being an on board computer, should only be considered a part of an overall solution, as it could at time malfunction due to bumpy/broken roads and frequent disruptions in the GSM networks i.e. short closures, failing signals etc.
- Resorting to blocking signals over which we do not have any controls and can occur at any given time leading to loss of vehicle. It is therefore advisable to insure the vehicle to cover any loss including accidents, as well as theft of parts. However, if any stolen vehicle is not recovered within 30 days, the cost of the TPL Trakker unit paid by you at the time of installation will be refunded or a TPL Trakker unit will be replaced free of cost.
- Delivery can take upto one week, depending on location.
