HISTORY
IN THE MAKING

REPORTS AND STATEMENTS TO THE MEMBERS

The year 2017 has been a great year so far in terms of progress, growth and leadership mapping the significant achievement in the history of Silkbank. The reports and statements reflect the status, which the Bank earned through the best practices. Therefore, today we say, we are ascending towards excellence.

Directors' Report

Directors' Review Report as of September 30, 2017

Dear Shareholders,

We are pleased to present the financial statements of the Bank for the third quarter ended September 30, 2017.

Economic Review

Pakistan's economy has been continuously showing good signs. Major successes in the third quarter include the stability of economic growth and controlled inflation. Tax collection has been reduced slightly, adversely impacting the fiscal deficit. The stock market, on the other hand, remained in the range of 42,000 Index points to 46,000 index points during the third quarter of 2017.

Real GDP growth has maintained its upward trajectory and increased to a decade-high of 5.3 percent in FY17. Some of the other macroeconomic indicators, such as subdued inflation, investment growth, and rising private sector credit, also showed an encouraging picture. However, decline in exports is overshadowing the otherwise reviving economic activity.

The overall improvement in business sentiments along with supportive policies (historic low interest rate, high infrastructure spending and better law and order situation) has encouraged a number of firms to pursue expansion plans. This was reflected by a significant surge in private sector credit off-take during FY17, with a sizable share of fixed investment loans. At the same time, a hefty increase in machinery imports was also noted.

Banking Sector

The growth in private sector credit was one of the most encouraging developments during the quarter which contributed significantly in achieving the real GDP growth. The sharp surge in private sector credit is a reflection of increasing trust and confidence of the business community in the overall improvement of the country's investment climate.

The Discount Rate remained stable at 6.25% during the third quarter of the year and the banking sector spreads average improved to 8.093% compared to 5.02% in the preceding quarter. Advances made in the banking sector improved by Rs. 108 billion and increased to Rs. 6,136 billion for the third quarter of 2017, and at the same time ADR (Asset to Deposit Ratio) improved from 51.51% to 51.22%. Investments picked up amounting to Rs. 8,337 billion and deposits grew by Rs. 11,979 billion.

Financial Performance

The Bank has posted after tax Profit of Rs. 750.89 million for the nine months ended September 30, 2017.

During this period, total deposits of the Bank grew by Rs. 20.92 billion to Rs. 107.71 billion and gross advances increased by Rs. 15.42 billion.

Summarized financial performance of Silkbank Limited for the nine months ended September 30, 2017, is as follows:

The composition of the overall incremental volume accounted for 78% CASA deposit (Rs. 12,872 million), which reflects the management's focus on generating low cost deposits. Current Account and Savings Account registered YTD growth of Rs. 4.352 billion and Rs. 8.520 billion respectively, which favourably improved LCY-CASA deposit mix by 8% YTD 2017.

- **Home Remittance:** Home remittance business recorded a total of 43,378 transactions and disbursed Rs. 3.03 billion during the first half of 2017. - **Bancassurance:** With a unified goal of enhancing cross-sell and Non-Funded Income, the Bank has also put in significant efforts to increase the Bancassurance business. This resulted in YTD Revenue growth of more than 35% from corresponding period of year 2016. Cross-sell of Bancassurance products to existing branch customers also strengthened customer relationship with the branches while adding strong contribution into the bottom line of the Bank.

All the above contributors helped Branch Banking to remain ahead on YTD budgeted P&L numbers. With new initiatives in pipeline and expected branch network expansion in the last quarter of the year 2017, Branch Banking continues to move higher on the spectrum of positive outlook.

Compliance with Minimum Capital Requirement (MCR) and Capital Adequacy Ratio (CAR)

The Bank is compliant with the MCR and CAR requirements as prescribed by the State Bank of Pakistan. During the period, the Bank has issued privately placed, unsecured and subordinated Term Finance Certificates (TFCs) of the Bank aggregating to Rs. 2.00 billion. In August, 2017, the issuance of TFCs of Rs. 2.00 billion were successfully concluded by crediting the TFCs units in the respective CDC Accounts/Sub-accounts of the investors. The TFC issue will contribute towards Silkbank's Tier-II Capital for complying with the Capital Adequacy Ratio requirement prescribed by the State Bank of Pakistan under its Basel-III framework and the funds so raised will be utilized towards the Bank's business operations and further expansion.

Credit Rating

The JCR VIS Credit Rating Company Limited has reaffirmed the Long-Term entity rating of Silkbank as A- (Single A Minus) and Short-Term rating as A-2 (A-Two). Outlook on the assigned ratings is 'Stable'.

Future Outlook

Going forward in 2017, customer service excellence would continue to be a primary objective and key differentiator in the market place. Low cost of funds will be maintained and sales and marketing efforts will increase introduction of new accounts. With the successful conclusion of the TFC issue in August, 2017, it is expected that the Bank's rating will improve, which will eventually improve the core deposits ratio w/s total deposits. The Bank is also increasing its distribution footprint by opening new branches both on the Islamic and conventional side, at strategic locations all over the country which should enhance the Bank's ability to mobilize deposits and subsequently lend and invest increasingly in earning assets. On the other hand, the Non-Earning Assets will be reduced to accrue additional capital gains. Going forward, productivity initiatives will continue in 2017, focusing on premises rent, utility & other operating expenses. The Bank will also continue to focus on the Customer Franchise by reducing the exposure on evergreen and term facilities in the Corporate & SME segments and replacing them with short-term trade finance and self-liquidating exposure. Efforts will also be made to revive the mortgage business in the current low interest rate scenario, to provide further growth in the consumer banking business. Most importantly, the Bank will increasingly emphasize on human capital by strengthening a pay for performance culture and an improved succession planning process.

With the strong base built to date and the successful implementation of the key strategies outlined above, your Directors are hopeful that a profitable growth of the Bank will show an increasing trend in the years to come.

Acknowledgement

We once again take this opportunity to express our deepest gratitude to our customers and business partners for their continued support and trust, and our sincere appreciation to the State Bank of Pakistan for their guidance and cooperation extended to the Bank. We are also equally thankful to our associates, staff and colleagues for their committed services to the Bank, and look forward to their continued support.
